travel with meaning

you don't need us to tell you about the breathtaking beaches, secluded coastlines, and intriguing landscapes of the Dominican Republic and Cuba. But looks aren't everything. Traveling with Fathom gives you the opportunity to delve deep into the diversity of your surroundings and encounter the people who inhabit them full-time. Traveling is more than seeing and doing; it's about connecting, immersing yourself in new things, sharing stories and engaging with locals and fellow travelers on a personal level that transcends culture or language and turns complete strangers into friends. When we share, we understand. And when we understand, we all grow.

Travel can—and should—have meaning. Together, we can make it meaningful.

share your stories and help write new ones

When we share our stories, we share ourselves. The unique perspectives we have of our world are among the most powerful resources we have as human beings. Fathom wants to weave stories together. Powerful stories. Enriching stories. Transformative stories. Every person has a compelling narrative within them. Traveling with us calls them into being.

The story you write and share will change others. It'll change you, too.

make travel matter

When you get down to the root of it, travel is about exploration and discovery. The places you go and the things you do there reflect who you are and shape who you become. That's the spirit that spurred us to create Fathom. We travel differently. We don't just show you a culture, we bring you deep inside to understand it. We don't just introduce you to people, we start conversations that lead to amazing things. We don't just show you the world, we give you the chance to help grow its future.

Be more than a visitor. Become a friend.

the fathom story

Like most great adventures, the first discussions about the concept that would become Fathom were held over a great meal.

Tara Russell, Fathom's president, had always believed that there was an appetite among travelers to combine their passion for adventure with their desire for meaning, purpose and deep connection. Fathom was built through a global legacy of partnerships, success, and generosity within Carnival Corporation & plc. With the resources, infrastructure and reach of the world's largest travel & leisure company and a committed network of local partners, Fathom creates sustainable and scalable experiences that benefit communities and travelers alike.

Through thoughtfully tailored onboard programming and a future-forward vision that can transform lives, Fathom gives travelers like you the chance to be part of a much larger story. We want to connect you not only with your world and its people, but with the passion that burns inside you. Tap into those feelings that keep you up at night; listen to that inner voice telling you to go ahead, take the reins, and leap headlong into your best life lived.

We are Fathom. Let's make great things together.

Making a dent in the universe should be more fun than anything else out there— we believe it is and will continue to be. We hope you'll join us!

— TARA RUSSELL

impact guides

The faces of Fathom are your go-to for just about everything.

Fathom's Impact Guides shepherd you through your journey and ensure that every traveler is prepared, comfortable and confident about their trip's cultural immersion and impact activities. To these fun-loving, talented and upbeat characters, ensuring you have the best time possible while strengthening your senses of self, community and social innovation is all in a day's work.

It takes a special kind of person to earn the title of Impact Guide, but the path each one follows to get here is as unique as the individual. Some have made their livings on the sea as cruise directors for oceanliners or first mates on schooners. Others have secret identities as psychologists, artists, sociologists, dancers, anthropologists or professional bon vivants. Still others have worked on the ground with charities and nongovernmental organizations all over the world. And while their backgrounds may be diverse, the common thread that ties them all together is an uncompromising passion to inspire others to make the world a better place for everyone.

your home at sea

The 704-passenger Adonia, refurbished in March 2016, is your comfortable home base throughout your trip.

With restaurants, lounges, bars, a pool, a spa, a modern gym and all the other amenities you'd expect of a 21st-century passenger ship, you'll never lack for opportunities to unwind. Thoughtfully prepared Cuban-and Dominican-inspired meals will nourish your body. And, of course, there's the infinite mystery of the wide-open sea all around you—because your spirit deserves some much-needed nourishment, too.

The base price of your trip includes a well-appointed cabin for every night of your journey. It's one of the great advantages of shipboard travel: Unpack once and you're done, free to spend the next seven days concentrating on what really matters.

WELCOME TO THE

dominican republic

Situated along the northern coast of the Dominican Republic, Puerto Plata is a hidden gem in a country typically known for its all-inclusive resorts or the bustling Southern capital. Puerto Plata is a place of exquisite beauty, with 60 miles of turquoise coastline, lush mountain ranges, friendly locals and a vibrant culture. It's no surprise that *Travel + Leisure* named it as one of the world's best places to travel in 2015.

This part of the world boasts an endless variety of ways to explore, discover and connect. Once the *Adonia*, our small ship, docks at Amber Cove, you'll have four days to spend doing what you love most. Eager to do some good? Immerse yourself in the culture by joining the locals in impact activities that support the environmental, educational and economic health of their communities. Ready to have fun? Explore the landscape, relax in the Cove, and chart your own adventure.

impact activities

Ready to make a difference? Up to three optional impact activities are included on each trip.*

reforestation & nursery

In partnership with IDDI

A popular favorite, you'll pot seedlings or plant trees while establishing and managing nurseries with the locals. This leads to more nutrient-rich soil, reduced soil loss, improved air and water quality, increased biodiversity, and higher agricultural yields. Small efforts lead to big growth.

recycled paper & crafts entrepreneurship

In partnership with IDDI

Assist RePapel—an association formed by Dominican women—in the creation and sale of handicrafts from locally recycled

paper. By taking part in the paper recycling process, you provide these women with a steady income and help them sharpen their English language skills.

cacao and women's chocolate cooperative

In partnership with IDDI

Participate in the creation of organic chocolate across all its stages—planting and cultivating cacao trees, preparing materials, producing and packaging products—with a women's cooperative. The result: Better sales, increased income opportunities, and improved employee well-being.

english conversation & learning in schools and communities

In partnership with Entrena

Bolster employment opportunities by participating in conversational English learning activities through small-group encounters in community centers and local homes. Experience genuine cultural exchange and see the real-world impact of your trip up close. A smile always translates.

student english conversation & learning

In partnership with Entrena

Basic English is an in-demand skill, but a lack of trained teachers makes formalized learning difficult to sustain. Here, you'll cooperate with teachers and students on activities designed to generate interest and aid in language retention. Connection in action!

water filter production

In partnership with Entrena

With local volunteers, you'll assist in the production of filters for the over 3 million Dominicans who don't have access to safe, clean water. You'll gather and mix materials; shape and fire clay; perform quality tests; and distribute filters to families. It all leads to a reducing waterborne illnesses, lowering dependency on bottled water, and increased school and work attendance.

• LUNCH INCLUDED

concrete floors in community homes

In partnership with IDDI

Dirt floors pose a major health risk, retaining dust and dampness. You'll collaborate with local masons to mix concrete and systematically pour new floors, providing healthier homes and play areas by reducing respiratory problems, improving mobility development for children, and boosting homeowner pride.

creative arts, music & sports

In partnership with Entrena

Take part in an innovative summer program designed to develop creativity, athleticism and life skills. Engage with students in hands-on arts-and-crafts activities, sports and nutrition, and English practice, leading to improved confidence, stronger English, and academic success.

Our Impact Guides and partner staff are always available to help make sure you are getting the most out of your journey.

*Travel to all 3 ports is intended. Breakdown of days on shore and at sea are subject to change.

Cienfuegos

Old Havana

Santiago de Cuba

Traveling to Cuba with Fathom is a chance to literally become a part of history. The island nation's energy is palpable and irresistible; from colorful Havana to the vibrant music, delicious food and gorgeous architecture, you'll quickly discover why Ernest Hemingway chose to spend so much of his time here.

Fathom is proud to be the first travel company in over half a century to be granted US and Cuban approval for round-trip travel to Cuba by ship.

When the *Adonia* docks in Havana, travelers will see Castillo del Morro perched on its rocky cliff. The stone fortress has protected the city from pirates and invaders since 1589 and dominates all views of the harbor. This is merely the introduction to a rich and intriguing story Cuba and its historic ports—Havana, Cienfuegos and Santiago de Cuba—are eager to share. Prepare for genuine cultural immersion as you learn from and share with the Cuban people and get to know their fascinating culture.

a deeper view of cuba

Get up-close-and-personal with the unique flavor of Cuban culture by connecting with local artists and musicians in the vibrant cities of Havana, Cienfuegos and Santiago de Cuba.

Fathom trips to Cuba are authorized by the U.S. government via People-to-People Cultural Exchange, one of the 12 legal forms of travel to Cuba. We've created a thoughtful cultural immersion experience with a bevy of onboard and on-the-ground activities to choose from that allow travelers to experience the full panorama of sights, sounds and flavors this incredible country has to offer.

Aboard the *Adonia*, you'll stay busy with activities that will fully immerse you in Cuba's history and culture. Take part in workshops about social customs, brush up on some conversational Spanish, learn about the island's fascinating pre-revolutionary history, delve deep into stories of each port, practice your salsa moves, even master the mojito.

With all the amenities of a modern hotel, the *Adonia* is the perfect home base, freeing you from worrying about where you'll eat or sleep or how you'll get to the next activity. Plus, unlike others travelers you'll meet, you'll only have to unpack once!

its remarkable collection of French-influenced Neoclassical buildings, has been designated a UNESCO World Heritage site.

santiago de cuba

The distinctly Caribbean spirit of Santiago de Cuba, the country's second-largest city, is evident in every aspect of its dynamic cultural life. Boasting some of the island's most-visited historic sites, Santiago de Cuba is also home to the popular festivals of Carnaval and Fiesta del Fuego, as well as many of the country's most famed musicians and artists.

GENERAL

cancellation policy

For full terms and conditions, please refer to **fathom.org**. If you cancel your trip, there is a related cancellation fee: More than 90 days before departure: No fee; 90-76 days: fee is the deposit; 75-46 days: 50% of fare; 45-31 days: 75% of fare; 30 days or less: 100% of fare.

do i need a passport?

Each country has its own entry requirements, and guests assume personal responsibility for having the necessary documents when boarding. Fathom requires that all guests carry a passport that is valid for at least six months beyond the completion date of your travel. Having a passport will enable you to fly from the U.S. to a foreign port in the event you miss your scheduled embarkation or to fly back to the U.S. if you need to disembark the ship mid-cruise due to an emergency.

Passports are normally surrendered to and held by the pursers on board to facilitate clearances in ports of call. It is prudent to photocopy the identification page of your passport and pack it separately, in case of loss or damage to the original.

Your name on your travel documents (passport, Alien Resident card, birth certificate, etc.) must be identical to those on your cruise documents. Otherwise, proof of name change (e.g. a marriage license) with a valid driver's license (or other government issued photo ID) must be presented. Any discrepancies may prevent travel.

is there an age minimum?

The minimum age for children is eight years old. Each stateroom must include at least one traveler who is 21 years of age or older.

deposit and payment policy

A deposit per person is required at time of booking to secure your spot, and then one other payment is due 90 days prior to the trip for the balance of your fare. If you book your trip less than 90 days prior to departure, the full payment is due upon booking.

Prices exclude taxes, fees, port expenses and gratuities. Taxes, fees and port expenses are estimated to be from \$208 per person. Gratuities are estimated at \$80.50 per person.

do you have a guest share program?

Yes, we do offer a program for individual travelers to share a room.

smoking policy

Smoking will be allowed in two designated areas on the Lido Deck, as well as on the Promenade Deck.

DOMINICAN REPUBLIC

what's included in the price?

Your Dominican Republic impact experience includes on-ground impact activities and related supplies, onboard engaging impact programs, daily breakfast, lunch, and dinner, and a comfortable room based on double occupancy for a good night's sleep. All base price rooms accommodate 2 people; a limited number of these rooms can accommodate 3 to 4 people at an additional cost. There will be a few select impact activities that will have an incremental cost due to materials and supplies.

Your fare includes round-trip travel by ship between Miami and the port of Amber Cove in the Dominican Republic. Transportation between your home and the Port of Miami is not included.

Fathom will provide ground transportation for all your impact activities in the Dominican Republic. Transportation for your chosen leisure activities will be at your own expense.

recommended dress code

The dress is casual, and you can come as you are. Bring warm-weather essentials like hats, lightweight shirts, pants, sunglasses, sunscreen, bathing suit and insect repellent. Some Impact Activities require closed toed shoes and pants. It is suggested that shoulders be covered when visiting schools. Bring at least one pair of long pants, shirt that covers shoulders and a pair of closed toe shoes you do not mind getting dirty.

dining options

Dining is comfortable and relaxed on board. Our menus reflect healthy, nourishing, and locally inspired dishes. Please indicate food allergies or requirements and we will help you navigate the available options.

tourist visa

It is the traveler's responsibility to identify and bring the required documents. Currently, the Dominican Republic does not require a tourist visa for travelers by ship, but the requirements do change from time to time, and the traveler should check with appropriate government contacts or a travel professional before the trip.

what is your donation policy?

It's easy to understand how your generous hearts would want to bring kind donations when traveling. We can so relate. However, our very intentional focus is on bringing empowerment to our friends and partners. We learn from them, they learn from us – it's a beautiful symbiotic relationship. Giving things is more complicated than you might think –and we want to be mindful of long-term, sustainable development and empowerment.

Unfortunately, we are not able to accept material items for donation at this time. We kindly ask that you do not bring items to donate in the DR.

There are two reasons for this:

First, we want to encourage person-to-person connection, learning from each other, and enduring social impact. In order to achieve this and sustain it, we appreciate your focus on giving your time, your hearts and hands, your voice, and your willingness to learn. In the DR, distributing material donations would be disruptive during impact activities and not in line with our sustainable development goals. We so appreciate people's desire to help, and we want to make sure we do it in a way that is beneficial for our Dominican friends in the long term.

Second, there are many Customs regulations that make it difficult or impossible to take items off the ship. And, even if you or Fathom staff were able to get the items off the ship, there are logistical complications in terms of delivering the items.

So, at this time, if travelers bring material donations, we will, unfortunately, have to ask that you take them back home.

Thank you for your understanding. We are eager to put love in action, with you – as you bring your full selves – hearts, minds, and open-minded, gracious spirits to these new overseas friends we dearly love.

CUBA

what are the requirements for travelers to enter cuba?

All travelers must have proper documentation to enter Cuba as well as leave and re-enter the United States.

For non-Cuban born travelers who participate in Fathom-guided or individually led educational activities, a visa (tourist card) is necessary to enter Cuba. These visas will be distributed as part of the embarkation process.

If you are a Cuban-born traveler or you intend to travel under a separate authorized activity (e.g. press, business meetings or family visit), you may need a non-tourist visa and/or a Cuban passport, both of which are issued by the Cuban Government. To learn more, you can visit the Cuban Embassy website: **<http://www.cubadiplomataica.cu/sicw/EN/ConsularServices.aspx>**

There are companies that offer visa processing services to passengers: ABC Charters (1-877-817-1160 // **<http://www.abc-charters.com/abc-services/>**) and VisaCentral (1-877-535-0688 //**<http://visacentral.com/>**) are two examples of such companies.

how is P2P being monitored?

A Fathom employee or Cuban national guide will accompany each of the Fathom-guided P2P groups while traveling in Cuba to ensure that the schedule of activities is followed by each traveler.

Passengers opting to engage in a self-directed P2P program or relying on one of the other travel authorizations will not be monitored by Fathom and ***are required to maintain records related to the authorized travel activities for a period of five years (a copy of your travel affidavit and documentation evidencing the activities that you participated in while in Cuba).***

will there be free time?

Travelers must adhere to all U.S. regulatory requirements, which for P2P activities (both organized by Fathom and individually led by a passenger) means participating in a full schedule of organized activities.

However, after travelers have fulfilled their regulatory requirements, they can have free time on the island to explore other sites, cool off with a daiquiri, listen to music, go shopping or even have dinner in town (although dinner on board is included).

do travelers need to be physically fit?

Activities will be suitable for most travelers. However, travelers need to be prepared for high temperatures, especially in the summer months, and for walking on uneven walking terrain, such as historic cobblestone streets.

can i visit family while in cuba?

If you are a Cuban-born traveler or you intend to travel under a separate authorized activity (e.g. press, business meetings or family visit), you may need a non-tourist visa and/or a Cuban passport, both of which are issued by the Cuban Government. To learn more, you can visit the Cuban Embassy website (**<http://www.cubadiplomataica.cu/sicw/EN/ConsularServices.aspx>**).
